

VENOUS INSUFFICIENCY STUDY

You have been scheduled for a venous insufficiency study.

Please follow these simple instructions to benefit your test outcome:

1. Please wear comfortable clothes.
2. Please stay hydrated throughout the day of your test. Drink a little water than you normally would.
(NO caffeine or alcohol beverages)
3. If you are prescribed Lasix (or any type of diuretics) please do not take the day of your test.
4. Please try to stay semi-active the morning of your test. Walk around as much as possible – but do not overdo it!
5. If you regularly wear compression stockings – **DO NOT wear your stockings** after midnight the day of your test.
6. Please arrive at the office 15 minutes before your scheduled test time. This enables the tech to get everything ready for you in a timely manner.
7. Your ordering doctor will call you with your results.
8. If you are unable to make your test time, please call our office at **972-253-2505** to reschedule at least 48 hours before.

THANK YOU!
